APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually It is also understood that this right placed to beneficial use. must allow for a reasonable lowering of the static water level. This well shall be equipped with a two (2) inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of water begins, or before the Proof of Completion of Work is filed. This source is located within an area designated by the State Engineer, pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of

ingress and egress on public, private or corporate lands.

The well must be sealed with cement grout, concrete grout or

neat cement from ground level to 100 feet.

The total combined duty of water under Permits 53247, 53248, 57874, 60546, 69388, 71959, and 71960 shall not exceed 1357.937 acre-feet annually.

The issuance of this permit does not waive the requirements. that the permit holder obtain other permits from State, Federal

and local agencies.

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar

This permit is issued for diversion rate only and does not permit any additional water quantity. (CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed ${\color{red} {\bf 3.5}}$ cubic feet per second.

Work must be prosecuted with reasonable diligence and be completed on or before:

June 29, 2008

Proof of completion of work shall be filed on or before:

July 29, 2008

Water must be placed to beneficial use on or before:

June 29, 2015

Proof of the application of water to beneficial use shall be filed on or before: July 29, 2015

Map in support of proof of beneficial use shall be filed on or before: <u>N/A</u>

IN TESTIMONY WHEREOF, I, HUGH RICCI, P.E.,

this 29th day of June,

State Engineer of Nevada, have hereunto set

2005

my hand and the seal of my office,

State Engineer Proof of beneficial use filed __
